IN OTHER LANDS.

Americans Abroad Fittingly Remember Their Nation's Birthday.

London, July 5.—The Fourth of July banquet of the American society in London was given at the Hotel Cecil. There was a remarkable manifestation of sympathy for King Edward, in his illness. Between four and five hundred Americans were present and the specially invited guests included Lieutenant General Sir Francis Grenfell, the governor of Malta; Sir John Gordon Sprigg, prime minister of the Cape Colony; Sir Robert Bond, the premier of Newfoundland; General Joseph Wheeler and the United States consul general in London, H. Clay Evans.

Paris, July 5.—The Fourth of July was celebrated in this city by a reception at the United States embassy held by Mrs. Horace Porter, wife of the United States ambassador, General Porter, who is now in the United States. It was exceptionally well attended, practically the whole American colony being present. Count de Rochambeau and several members of the Rochambeau mission, which recently visited the United States, also called. The embassy, consulate, all the American houses and many other business places, displayed the Stars and Stripes.

Rome, July 5.—George Von L. Meyer, the United States ambassador, being at Hamburg for the cure, Lewis Morris Iddings, the secretary of the embassy, and Mrs. Iddings, assisted by Mrs. William H. Taft, wife of Governor Taft of the Philippines, held the Fourth of July reception at the embassy here. It was attended by over a hundred Americans. Later in the day Mr. Seton of Jersey City gave a reception to Cardinal Satolli, at which President Roosevelt, the pope and Cardinal Satolli were toasted with great enthusiasm.

Berlin, July 5.—Three hundred Americans celebrated the Fourth of July by chartering a steamer and going to Grutau. After games and sports the party dined together, Consul General Mason presiding. At Leipzig Ambassador White attended a dinner to the American colony given by Consul Warner.

Laredo, Tex., July 5.—Independence day was celebrated throughout Mexico with music and fireworks and speech-making. Torreon celebrated on a larger scale this year than ever before. There was no public celebration in Monterey, although many patriotic American individuals celebrated at picnics and outings.

HOME FOR AGED ELKS.

Hotel Bedford at Bedford, Va., Has Been Purchased.

Baltimore, July 5.—Henry W. Mears of this city, one of the supreme trustees of the Order of Elks, reports that the order has secured a national home for its aged and indigent members by the purchase of the Hotel Bedford at Bedford City, Va. This building was erected in 1890 and its original cost with fittings was \$120,000. It has accommodations for 250 persons. The home is now thoroughly furnished and will be opened Oct. 1. The committee which purchased the hotel included M. D. Detweiler and Judge Fisher of Jamestown, N. Y.; Mayor Brennan of Birmingham, Ala.; George P. Cronk of Omaha and the supreme ruler of the order, Mr. Charles B. Pickett of Waterloo, Ia. The purchase has been officially approved by the supreme trustees.

Kansas Socialists Name a Ticket.

Emporia, Kan., July 5.—The Socialists of Kansas at their state convention here adopted a platform and nominated a full state ticket. A. S. McAllister, an engineer of Herington, was unanimously named for governor, and John M. Parr, a Topeka house painter and decorator, for lieutenant governor.

FRENCH ARE ASSISTING.

Challenger of New Panama Canal Company's Title Non-Suited.

Washington, July 5.—State department officials are gratified at the action taken in the French courts in non-suiting an applicant who sought to challenge the soundness of the title of the new Panama Canal company. This is regarded as simplifying the task the attorney general has undertaken of establishing the ability of the present canal company to transfer a sound title. The French government already has informed the state department of its disposition to forward the transfer, so that small legal technicalities may be swept away.

WILL RESUME OPERATIONS.

Said Several Anthracite Mines Are to Start Up July 17.

Hazleton, Pa., July 5.—It was reported here from what is regarded as an authoritative source that July 17, the opening day of the national miners' convention at Indianapolis, has been selected by the operators as the time for resuming operations at one or two more collieries near Wilkesbarre with experienced nonunion men collected from the various mines in Luzerne county. The news cannot be confirmed because of the extreme reticence of the operators.

Cholera Situation in the Philippines.

Manila, July 5.—There were 54 new cases of cholera reported in Manila and 35 deaths from the disease. The totals for the provinces since the outbreak are 10,332 cases of cholera and 7,713 deaths. The health board has abandoned quarantine and substituted disinfection. The board has also abandoned cremation for quicklime.

Wounded by a Skyrocket.

Marquette, Mich., July 5.—State Legislator John W. Gordon had a hole torn through his hand by a skyrocket. At the last session of the legislature Gordon presented a bill to prevent the use of fireworks, but was induced to withdraw it before action was taken. He says he will reintroduce the bill at the next session.

Committed Murder and Robbery.

Madison, Neb., July 5.—A farmhand named Alexander walked into Smith's saloon and shot and killed Carl Hall, a barber of Omaha, and robbed the body of \$65. There was no other person in the place at the time, the bartender having stepped out for a moment. Officers are looking for Alexander.

Freight and Passenger Collide.

Richmond, Ind., July 5.—A freight and passenger train collided on the Cincinnati, Richmond and Muncie railroad near here during the afternoon. August Kamp was killed and several persons injured.

MUST GIVE SCHLEY CREDIT.

School Histories Doing Otherwise Are Barred in Mississippi.

New Orleans, July 5.—The bill of Representative Smith penalizing use of any history which does not do full and fair justice to Admiral Schley passed the senate and was immediately signed by the governor, as it has already been passed by the house. The bill provides that, before any history of the Spanish war shall be used in any of the public schools, it shall have been examined and the fact ascertained that the part played by Admiral Schley off Santiago is treated justly and that he was given the credit for the victory over Cervera.

The use of a history partisan to Sampson is prohibited under severe penalties.

D. M. Clark & Co., largest installment house in city. Goods sold on easy terms.

ELUDES HIS PURSUERS

THE WHEREABOUTS OF CONVICT HARRY TRACEY IS ABSOLUTELY UNKNOWN.

ANOTHER VICTIM IS DEAD

One of the Persons Shot in Thursday's Encounter With the Fugitive Succumbs to His Wounds—Best Information Indicates That the Escaped Prisoner Has Returned to the Scene of the Battle.

Seattle, Wash., July 5.—On roads ambushed and patrolled by guards armed with new Winchester rifles Convict Harry Tracey has escaped. His whereabouts in a district of twenty miles radius is absolutely unknown. Sheriff Cudihoe's office has been deluged with reports of his appearance. Each was traced down to its source by posses. All were groundless. Neil Rawley, shot by Tracey when the convict killed Policeman Breeze at Fremont died during the day. Deputy Sheriff Williams is not dead yet and has a good chance to live.

Up to this time Tracey has killed three men since his first appearance near Seattle Thursday morning. All three were well known and popular here. This has incited hundreds to join in with the hunters. One hardware store, named to supply arms for the posse, has given out its complete stock. Specials are leaving on the railway leading into the adjacent country every few hours with reinforcements. Parties are dropped off all along the route between here and Bothell.

Tracey was first seen after his encounter at Fremont at a house on the outskirts of Ballard. He shouted his name defiantly to the occupants and coolly proceeded to unhitch a horse and buggy. He drove away south of the town of Ballard in the direction of Seattle.

The next authentic report brought to the sheriff contained the information that the man had evidently slept in Woodland park, within the Seattle city limits. He left the park shortly before sunrise in his stolen rig.

Though suburban residents in every quarter have notified the sheriff of strange

Men Supposed to Be Tracey

in their neighborhood the most reliable report received after that of Tracey's departure from Woodland park is that of his appearance near Bothell, where Thursday's desperate encounter was fought.

The Post-Intelligencer's correspondent, in a bulletin sent from Bothell, stated that the convict was reported to have been seen about three miles south of Bothell driving on the country roads. Poses were called in and picketed in a circle about the neighborhood where he was supposed to be. They beat the brush to a central point, all meeting there. Believing that Tracey had eluded them by some divergent path leading toward Lake Washington on the east, Sheriff Cudihoe recalled the greater part of his immediate deputies and their volunteer helpers and returned to Seattle, establishing a cordon of pickets along the entire road. He proposes to populate the entire surrounding country with armed guards in parties of from three to seven members each.

The governor ordered Companies B and D, national guard, to assemble at their armory, and three hours later the soldiers, in charge of Colonel George B. Lamping, were mobilized. It is understood that Governor McBride has no intention of calling the troops out unless Tracey should be taken alive, in which case they would be used for the protection of the prisoner.

CABLE COMPANY'S OFFER.

Secretary Moody Refers the Matter to Attorney General Knox.

Washington, July 5.—The offer of the Commercial Pacific Cable company to finish the work of laying a cable across the Pacific a year earlier than first promised and give the government the benefit of reduced rates for communication in exchange for the information developed in the soundings taken by the United States steamship Nero in her survey of 1899 has been referred by Secretary Moody to the attorney general for an opinion. Admiral Bradford, chief of the naval bureau of equipment, under whose jurisdiction the matter falls, reported in favor of the company's offer, though, it is said, under conditions which are regarded in some quarters as rather stringent. The matter at this stage had assumed a phase which the secretary regarded as of sufficient complexity to warrant its submission to the head of the law department of the government.

Two Young Boys Drowned.

Rock Island, Ill., July 5.—Emil and Edgar Lindberg, thirteen and eleven years old, were drowned during the day. The lads were on a raft that capsized in a ravine which had been filled by the recent rains. The only witness of the accident was a young boy.

Was a Well Known Hotel Man.

Chicago, July 5.—J. Irving Pearce, for many years proprietor of the Sherman House in this city, one of the best known hotel men in the United States is dead. He was seventy-five years of age. Death was the result of a general breakdown of his system.

ARE STILL AT LARGE.

Large Posse on the Trail of the Rock Island Bandits.

Chicago, July 5.—With half a hundred men on their trail and the promise of a desperate battle and probably death for their portion if they should be overtaken, the two bandits who halted the Rock Island road's Denver limited train at midnight Thursday and escaped after seriously wounding one of the express messengers are still at large. All during the night and through the day they pushed on through the farming country, stealing a buggy or a wagon here and there and abandoning the teams when they were too exhausted to carry them further. Farmers and residents in the little town in the vicinity of the raid swept over the surrounding fields and prairies in the hunt, but never a glimpse was had of the fugitives. Occasionally a rumor of their whereabouts was obtained, but the utmost haste in organizing a pursuit failed to overhail them.

James Kain, the veteran express messenger who was shot down by the robbers, was brought to Chicago, and, it is believed, will recover.

Charles Nessler, the dupe and decoy of the bandits, who was captured on the ground after they had fled, was brought from Joliet during the day by Sheriff Malgerstadt, but the officers do not believe he will be of much assistance in running down the fugitives.

The attempt upon the strong boxes of the United States Express company that were journeying toward Omaha and Denver is admitted to have been one of the best planned raids of recent years, but it was poorly executed, and the bandits tried to carry out the programme without sufficient force to protect themselves from an attack.

The detectives engaged in the investigation and the pursuit now being pushed all over Illinois are satisfied that the robbers hoped to force the big safe, which contained somewhere in the neighborhood of \$90,000, and only the precipitate shooting of the messenger defeated them in their project. When they fled they carried with them several packages of cheap jewelry, valued at about \$300, and a quantity of catalogues and patent medicine bottles, which they apparently thought were bundles of valuables.

MAKING GOOD PROGRESS.

Reassuring Reports of King Edward's Condition Continue.

London, July 5.—The progress of King Edward continues satisfactory. Beginning July 6 only one bulletin a day concerning his majesty's condition will be issued. This will be posted at 9 o'clock in the morning and the arrangement will be continued until his majesty is entirely convalescent.

The fact that Queen Alexandra, in company with the Duchess of Aosta, Prince Waldemar of Denmark and Prince George of Greece, drove out during the afternoon is taken as a sign of the king's satisfactory condition. This was the first recreation of this kind that the queen has indulged in since his majesty was taken ill.

The king is allowed to read a good deal now and he enjoys looking at the newspapers. He expresses amusement lately at some of the sensational and detailed reports of the operation in the press.

THE GAYNOR-GREENE CASE.

Superior Court at Quebec Will Investigate the Matter.

Quebec, July 5.—Judge Caron has rendered judgment in the Gaynor-Greene case. He granted the motions made by counsel for the accused for writs of certiorari ordering Extradition Magistrate Lafontaine to produce without delay all documents in his possession relating to these cases before the superior court here. As to the motions made by counsel for the United States government to amend the returns of Sheriff Langelier and Jaller Vallee to the writs of habeas corpus, Justice Caron stated that he would not render the judgment thereon until all documents were before the court.

IN HIS OWN BEHALF.

Superintendent of Police Ames of Minneapolis on the Stand.

Minneapolis, July 5.—Superintendent of Police Fred W. Ames took the witness stand in his own behalf in his trial for acceptance of a bribe. He denied all complicity in the bribery and corruption pool, though his counsel admitted guilty relations between Detective C. C. Norbeck and the confidence men. The chief, however, claims to have been ignorant of the transactions between Norbeck and the swindlers. There was intimation that the defense would seek to set up an alibi in denial of the actual payment of bribe money to the defendant.

Strikers Will Return to Work.

Birmingham, Ala., July 5.—The conference committee representing the miners and operators have practically reached an agreement which will be submitted to the various local organizations Monday for ratification. A joint convention of miners and operators will be held here Monday at noon. The belief seems well founded that the 13,000 miners now on strike will return to work next week.

Wisconsin Spanish-American Veterans.

Appleton, Wis., July 5.—The first annual reunion and encampment of Spanish-American war veterans of Wisconsin was held here during the day. Milwaukee will get the encampment next year providing she also secures the national encampment. Otherwise the next encampment will go to Oshkosh.

At J. F. Hawkins market and grocery you will find fresh goods, the best the market affords. 13-14

THOUSANDS GREET HIM

PRESIDENT ROOSEVELT GIVEN A ROUSING WELCOME AT PITTSBURG.

CROWD A RECORD BREAKER

A Million People Throng the Line of

March and a Hundred Thousand

Listen to His Speech—Largest As-

semblage Ever Addressed by the

Nation's Chief Magistrate—Enthusi-

astic Reception Everywhere.

Pittsburg, July 5.—After a day of eventful experiences, President Roosevelt, who was in Pittsburg as a guest of the city, departed at 3 o'clock a. m. well pleased with his sojourn in the Smoky City.

From 8:45 a. m. until 11:15 p. m. the chief magistrate was a busy man, the only cessation being a short time during the afternoon, when he enjoyed a refreshing nap at the home of Mr. H. C. Frick, where he had partaken of luncheon and held an informal reception for business men afterward.

Hundreds of thousands of people greeted the president, coming from all the country within a radius of a hundred miles of Pittsburg. From the Union station to the speaker's stand in Schenley park, four miles away, it was one continuous line of cheering people. The president's escort consisted of the Eighteenth, the Fourteenth and the Tenth regiments, who saw Philippine service; the Sheridan cavalry troop of Tyrone, the Boys' brigades and independent military organizations, fully 3,000 men being in line.

The crowd that greeted the president along the line of the parade and clamored to hear his address at Schenley park is conservatively estimated at a million people. Of this number fully a hundred thousand were within sound of the president's voice. This is believed to be the largest assemblage ever addressed by a president of the United States.

In the evening the president was the central figure at a dinner at Hotel Schenley, tendered by Attorney General P. C. Knox, to 200 of Pittsburg's prominent business men. The dinner was entirely informal and the only toast was at the conclusion of the menu, when Mr. Knox arose and said: "I propose the toast, the one and the only toast of the evening, Theodore Roosevelt, President of the United States."

Mr. Roosevelt's address was entirely patriotic and was a strong appeal for a high standard of citizenship.

When the president concluded his address the banquetters adjourned to the parlors, where a reception was held. Shortly before midnight the presidential party were driven to their train, standing on a siding at Shady-side station, where they retired. Their car was attached to the Eastern train on the Pennsylvania railroad at about 3 a. m. en route to Oyster Bay.

As the president was leaving the hotel he shook hands with the porters, bellboys and other employees of the house and bade them goodbye.

AN ORATION BY MILES.

Philadelphia Holds Her Customary Fourth of July Celebration.

Philadelphia, July 5.—As has been the custom for years the city of Philadelphia celebrated the 126th anniversary of the signing of the Declaration of Independence in this city by holding patriotic open air exercises in Independence square. The celebration this year was of unusual interest because of the presence of Lieutenant General Nelson A. Miles, who delivered the oration. General Miles was enthusiastically greeted by 5,000 per-

sons when he was introduced. After his address he held a reception which lasted about a half hour. Later in the day the general was entertained by a committee of city councilmen at luncheon and was also an interested spectator of the regatta on the Schuylkill river.

General Miles' address was a patriotic one, in which he beautifully traced the country's history down to the present time. With reference to the Philippine islands he said in part:

"The problem of the Philippine islands is one of serious moment, involving the expenditure of valuable life and vast treasure. Although the subject is attracting marked attention and exciting bitter discussion, there can be but one final solution. That must be one in which the honor, the integrity and high character of our government are preserved and maintained beyond any peradventure. Full and impartial justice must be accorded to the ten millions of people who are now at our mercy and whose present weal and future destiny depend upon a nation that is strong and whose people are true."

IN TAMMANY HALL.

W. Bourke Cockran Delivers an Address to the Braves.

New York, July 5.—Tammany Hall celebrated the 126th anniversary of American independence. The programme differed little from that of the Fourth of July celebrations held at the wigwag in former years. W. Bourke Cockran, who recently returned to the Tammany fold, delivered the principal address, and the other "long talk" was made by Supreme Court Justice O'Gorman.

Letters of regret from Senator Vest, Hon. W. J. Bryan and ex-Senator Hill were read.

Well Known Scout Dead.

Guthrie, Okla., July 5.—Rafael Romero, a native of Mexico, who served as a scout in the Indian wars under Generals Miles, Custer, Lawton and Phil Sheridan, died in an Indian camp near El Reno. He was a member of the Second Colorado cavalry in the Civil war. He was with Miles and Lawton in their long journey after Geronimo, the Apache chief.

Deadly Prussic Acid.

Hydrocyanic acid, or, as it is most commonly called, prussic acid, is one of the most deadly poisons known to animal life. It is a volatile principle contained in numerous shrubs and trees, chiefly the wild cherry, bitter almond, sherry laurel, St. Ignatius bean and the peach tree. It is obtained by distillation from ferrocyanide of potassium by the action of sulphuric acid in the form of a light, colorless gas. The preparation kept in the drugstore is a dilute acid of a strength of 2 per cent of anhydrous acid in distilled water, a colorless liquid, with the odor of bitter almonds. The dose is from two to six drops. One-half grain of the anhydrous acid is sufficient to produce death. It is used in medicine in correcting diseases of the stomach, also in whooping cough and the last stages of consumption.

It is very volatile, and the fumes will destroy vegetable life, causing the stems of plants to wither and dry up. Its effect on the lower animals is similar to its action on man, with the exception of the horse and the hyena, upon whom it does not appear to produce any impression. In fatal doses it causes death quickly by paralyzing the heart's action. After death the rigor mortis sets in, and in a few moments the unfortunate subject is as stiff as a board.

Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure will surely be effected. It never fails to tone stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run-down systems. Electric Bitters positively cures Kidney and Liver Troubles, Stomach Disorders, Nervousness, Sleeplessness, Rheumatism, Neuralgia and expels Malaria. Satisfaction guaranteed by McFadden Drug Co and H. P. Dunn & Co. Only 50 cents.

Bricks and Mortar.

Two Irishmen were arguing who was the cleverer.

"Well," said Pat, "I'll bet you can't tell me what keeps bricks together."
"Shure," said Mike. "It's mortar."
"No," said Pat; "you are wrong; that keeps them apart."

TRADES AND LABOR BIG CELEBRATION

At Gilbert Lake Was a Success
Both from Pleasure And
Business Standpoint

THE SPORTS WERE A FEATURE.

Southside Shopmen think they
can Down Northside if given
a Chance to do so.

The Trades & Labor Assembly of this city outdid themselves yesterday in their grand Fourth of July celebration at Gilbert Lake and the event will be long remembered by those who participated in the events of the day at this beautiful summer place. The committee in charge of the celebration had so well planned the whole affair that there was not a hitch at either end of the line. In the city ample provision had been made for the transportation of the large number of people who would go out and it is estimated that by 3 o'clock no less than 2000 were on the ground. Once there the picnickers enjoyed themselves boat riding and with other diversions of the hour. The big bowery received the attention of the masses and it was a nucleus of much enjoyment throughout the afternoon and evening. The rain which came about 8 o'clock marred the days festivities somewhat but then everyone had enjoyed themselves so much that they did not care for a little dampness.

A good feature about the celebration yesterday was the fact that the assembly netted a good round sum from the event.

The most enjoyable feature of the entire day was the program of sports which were pulled off in the afternoon. Among those in the city among the merchants to contribute prizes were the following:

M. J. Reilly, 2; J. W. Koop, \$2; Con O'Brien, \$2; Wm. Bredfeldt, \$2; A. F. Ferris, \$5; A. Mark, \$3; C. B. White, \$2; Elg Brothers, \$2; Chas. Swanson, \$3; M. Remmels, \$3; Geo. E. Gardner, \$3; P. E. McCabe, \$2; Bosley & Durette, \$2; Adam Brumstrong, \$3; Jerome Kelleher, \$3; J. A. Van Dyck, \$2; J. T. Sanborn, \$2; R. F. Walters, \$3; D. M. Clark & Co., \$3; Dan. McIntosh, \$2; Brainerd Brewing Co., \$5; Cleary, McGinnis & Hemstead, \$2; Henry I. Cohen, \$2; W. H. Crowell, \$2; Union Tea Co., \$1; Murphy & Sherlund, \$2; J. A. McMannis, \$2; Paine & McGinn, \$2; G. W. Holland, \$2; R. R. Wise, \$3; H. P. Dunn & Co., \$1; Johnson's Pharmacy, \$1; F. H. Gruenhagen, \$1; Chas. Peterson, \$1; H. D. Treglowny, \$2; A. Purdy, \$2; B. Whitford, \$1; B. A. Wright, \$1; Wm. Fitch, \$1; J. P. Wise, \$2; J. J. Neary, \$1; H. Spalding, \$1; George E. Kreatz, \$1; W. T. Larrabee, \$1; John Imgrund, \$2.

The following is a list of the sports with the winners and the prizes they received:

100 yard dash—1st, \$5.00 cash; 2nd fishing rod, donated by McFadden Drug Co.; 3rd, \$2.00 ham, donated by E. B. Bane. First, F. Brown; second, Harry Hill; third, B. A. Wright.

120 yard hurdle race—1st, \$5.00 cash; 2nd, \$3.00 hat, donated by Linneman & Carlson; 3rd, \$2.50 smoking set, donated by M. K. Swartz. First, F. Brown; second, F. Lowey; third B. A. Wright.

Potato race—1st, \$1.50 pair of shoes, donated by O. S. Hendrickson & Co.; 2nd, \$1.00 cash. First, Will. O'Connors; second, W. Willet.

Egg race—1st, \$3.00 pair of slippers, donated by Geo. Ebinger; 2nd, one pound box of chocolates, donated by J. A. McColl. First, A. Schultz; second, Will O'Connors.

Married men's race—1st, 100 lbs of flour, donated by Fricker Bros.; 2nd, \$2.00 ham, donated by J. F. Hawkins; 3rd, \$1.00 cash. First, B. A. Wright; second, Al Englebretonson.

Boat race, double—1st, \$5.00 cash; 2nd, \$2.50 cash. First, Bjornstead and Englebretonson; second, Fox and Cross.

Boat race, single—1st, \$3.00 cash; 2nd, \$1.50 cash. First, E. F. Fox; second, K. Bjornstead.

Swimming race—1st, \$4.00 photographs, donated by A. M. Opsahl; 2nd, \$3.00 photographs, donated by J. S. Drysdale. First, R. Hastings; second, M. Peters.

Hammer throw—1st, \$3.00 in-trade S. R. Adair; 2nd, \$2.50 cash. First, Pete Peterson; second J. Wright.

Tug of war, shopmen—North side shops vs. South side shops, \$30 cash.

North side shops won.

Log rolling—1st, \$5.00 cash; 2nd, \$2.00 cash. First, Harry Davidson; second, James Davidson.

Pole vault—1st, \$2.50 box soap, donated by Fred Luken; 2nd, \$1.00 cash. First, R. Hastings; second, B. A. Wright.

Running long jump—1st, \$2.00 in trade, A. L. Hoffman & Co.; 2nd, \$1.00 cash. First, B. A. Wright; second, George Pippey.

Great credit is due those who pulled off these events as it showed executive ability to a degree not often seen in sports of these kind.

The southside shop men have their backs up just a little over the tug of war and have challenged the north side shop men to a contest for \$50 a side.

In the evening there were some fireworks and everything closed quietly and all enjoyed the day very much.

W. C. T. U. CONVENTION

District Convention to be Convened in this
City Monday Morning at First
M. E. Church

The W. C. T. U. of the 14th district of Minnesota will hold their annual District convention at the M. E. church in this city, beginning on the afternoon of July 7th, at 2:30 o'clock. As hygiene and domestic science are two important lines of work of the W. C. T. U., the executive committee have arranged to have the afternoon and evening sessions of Monday given to "Food Demonstrations" by Mrs. Ella M. Keith, of Worcester, Mass. Mrs. Keith is prepared to give a food lecture at each of the Monday sessions, using the chafing dish, and cooking at least five dishes on the platform, and serving hot to the audience, free, believing that much of the intemperance of today is caused by improper or poorly cooked food. The audience is requested to bring fork and spoon to taste the food prepared.

On Tuesday afternoon and evening the following program will be given: 1:30—2:00. Executive Committee meeting.

2:15. Convention called to order by the president, Mrs. Rachel Young, Aitkin.

Devotional service, led by Mrs. Etta Reed, Cutler.

2:30. Roll call. Reading of minutes and secretary's report by Miss Reddick, Aitkin.

Treasurer's report, Mrs. Maud Waren, Aitkin.

Reports of district superintendents.

"Sabbath Observance," Mrs. Charlotte Smith, Brainerd.

"Literature," Mrs. I. F. McClure, Hubbard.

"Jail," Mrs. Matilda Cluff, Aitkin.

"Legislation," Mrs. Ella H. Knox, Aitkin.

"Child Culture," Maud Waren, Aitkin.

Music.

Delegates' reports—five minutes for each Union.

Paper by Mrs. McClure, of Hubbard, Minn., "How to Save Our Boys and Girls."

Discussion.

Report and address by District President.

Ten minutes talk by Mrs. E. M. Keith, Worcester, Mass.

Election of officers.

4:30. Consecration service, led by Mrs. Clulow, Brainerd.

Miscellaneous business.

Adjournment.

The evening session will open at 8 o'clock with the following program:

Violin solo, rendered by Mr. Fitch, entitled "La Fontaine."

Hymn, rendered by choir of selected singers, led by Rev. Hover, of the Baptist church.

Prayer, by Rev. Carver, of the Presbyterian church.

Scripture Lesson, Rev. Morton, of People's church, East Brainerd.

Solo, "One Sweetly Solemn Thought," Mrs. E. W. Crane.

Address of welcome, Rev. Hutton, First Congregational church.

Response, Mrs. Rachael Young, District President, Aitkin.

Solo, selected, Miss Hanlon, Brainerd.

Address by Mrs. E. M. Keith, on "Opportunities and How to Improve Them."

Vocal selection, "Minnesota," Clulow Quartette.

Benediction, Rev. Clulow, M. E. church.

Delegates from different parts of the district are expected to be present and it is hoped that the people of Brainerd will realize that it is not only policy but courtesy to give our visitors a hearty welcome by attending as far as possible each session. The members of the local union will feel very grateful to the people of the city if they will co-operate with them in making this convention a success. The ladies will serve lunch on Tuesday at noon at the home of Mrs. B. A. Ferris, at which time a social hour will be enjoyed. All visitors and delegates to the convention are cordially invited.

A WARM ARTICLE OF BASE BALL

Is seen in this City Yesterday Be-
tween St. Cloud and
Brainerd Teams.

AND THEY TOOK ONE APIECE.

Morning Game was a Thirteen-In-
ning Contest--The Afternoon
Game Won.

Brainerd fans saw two of the
greatest games of base ball yester-
day in this city that has ever been
played on a local diamond, when the
locals went up against the strong St.
Cloud aggregation in the morning and
the afternoon. The home team
broke even the down river pile drivers,
losing to them in the morning, but
winning the afternoon game. Both
games should have been in Brainerd's
camp, but poor base running lost
them the game yesterday morning,
which was a thirteen inning contest
and was about the fiercest proposi-
tion that has been seen for some
time on a diamond in the northern
part of the state. The attendance at
both games was very good, but of
course, would have been better but
for the picnic at Gilbert lake, but
there were enough present to appre-
ciate a good thing and the way a
Brainerd crowd can root is a marvel
when they once get waked up to it.
The fans were in the game from start
to finish yesterday afternoon and
they had much to do in keeping the
boys in a fierce battle. An almost
errorless game was played in the
morning and those who saw both
games think that this game was the
hottest contest of the two.

Bemis was on the slab for the
morning game and he pitched a
really marvelous game, pulling out
at times of some very bad holes and
always keeping his head. He is a
pitcher of no mean proportions and
can hold his own with the best of
them. There is no doubt but that
so far as he was concerned he won
the game, but poor base running and
one or two costly errors did the busi-
ness.

Watkins was on the slab in the
afternoon game and of course this
was a drawing card. He showed
himself to be one of the cleverest in
the business and played like a major
throughout. He won a place in the
hearts of Brainerd fans at once and
made good the claims made for him
by his friends in this city. He had
the St. Cloud sluggers at his mercy
and but for a little spurt of batting
in the seventh inning the Granite
City boys would have been adminis-
tered a shut-out. This was the only
inning in which they scored through-
out the entire inning, although several
times they got men on second and
third, but they died there. The
support given the doctor yesterday
afternoon was exceptionally good,
the fly catches of Howe and Murphy
being something out of the ordinary.
One of the features of yesterday's
games was the batting of Englebre-
tson, Bemis and Spellicy.

THE MORNING GAME.
St. Cloud, 4; Brainerd, 2.
The morning game opened up with
Bennett at bat for St. Cloud. He
singled and Lynch, Tucker and Ball
got life at first base, Bennett scoring
on a pass ball by Englebreton. This
was the first score made by St.
Cloud and they did not make another
until the eighth inning. Although
the Brainerd boys were finding Ball
the colored boy for some good hits
they did not succeed in scoring until
the seventh inning. In the eighth
St. Cloud made another score and
when the ninth opened up the score
was 2 to 1 in favor of St. Cloud.
The Brainerd boys went after them
telling the score in the last of the
ninth and landed it.

It was fever heat from then on,
the game running along for thirteen
innings. The Brainerd team had
the game won several times during
the four remaining innings and a
little head work would have done the
business. With the score 2 and 2
things opened up rather lively in the
thirteenth. Kilroy up for St. Cloud
went out at first, but Vossberg up
singled and J. Lynch followed with
a two-bagger. This put two men
one on second and the other on third
and a long fly drive to the field which
was taken in by Howe did the busi-
ness. Vossberg came across the
rubber and J. Lynch made third.
In another instant he too was home.
In the last of the thirteenth Brainerd
failed to score, and the game was

over. It was too bad, but such was
fate and the fans turned away fully
satisfied with the game, believing
that they had received full measure
for their coin, but sorry, very sorry
that the game was lost.

The summary of the forenoon game
was as follows:
Brainerd Ab R H Po A E
Flynn ss... 6 0 1 2 3 0
Spellicy 3b... 6 0 1 3 2 0
Williams 1b... 5 0 1 13 0 0
Howe lf... 5 0 0 1 0 0
Bemis p... 5 1 3 0 4 0
Boyle rf... 5 1 1 2 2 1
Engle. c... 5 0 3 10 2 0
Kindler 2b... 5 0 0 2 3 1
Murphy cf... 4 0 0 1 0 1

St. Cloud... Ab R H Po A E
Bennett 2b... 6 1 2 6 4 0
Lynch ss... 6 0 1 3 1 1
Tucker lf... 4 1 3 2 0 0
Ball p... 5 0 0 0 9 0
Kilroy rf... 6 0 1 3 1 0
Vossberg 1b... 6 1 1 3 1 1
Lynch J. 3b... 6 1 2 1 2 1
Scott c... 6 0 0 9 3 0
Dominick cf... 5 0 0 2 0 0

50 4 10 39 21 3
St. Cloud 10 0 0 0 0 1 0 0 0 0 2-4
Brainerd, 0 0 0 0 0 1 0 1 0 0 0-2

Home run, Tucker; two base hits,
Kilroy, Bennett, Lynch; base on
balls, off Bemis 2; double plays,
Kilroy to Ball to Bennett; Kilroy to
Vossberg to Bennett.

AFTERNOON GAME.
Brainerd 5; St. Cloud 3.

At the afternoon game the grand
stand, with its big addition, was
tested to its fullest capacity, this be-
ing due undoubtedly to the fact that
the announcement had been made
that Dr. Watkins, of the N. P. Sanitarium,
was to be on the slab. He
had as his opposing pitcher O. Kil-
roy, who is considered by many of
the St. Cloud fans a better pitcher
than Ball. The game yesterday
afternoon was another pleasing ex-
hibition of the great national game
and it would have made the suppo-
sed Northern Leaguers look green
with envy. The doctor was in good
form and it looked for a time as
though he had a clean shutout, for
St. Cloud did not score until the
seventh.

Brainerd scored in the first inning
and then again in the fifth they cross-
ed the rubber four times. They
went after Kilroy in this inning and
the slugging they did was something
fierce. They got Mr. K. for four dou-
bles and three singles making in all
seven hits in this inning. Every
man on the team had a try at the
old sphere and it was nuts for them.
Spellicy started the fireworks in this
game in the first inning by getting a
beaut of a two bagger the first time
up and then Howe followed with a
two bagger scoring Spellicy. Bemis
singled but did not succeed in scor-
ing Howe. Eight hits were made
off Watkins in this game and twelve
off Kilroy. St. Cloud took a spurt
in the seventh and run in three runs
mostly on errors and then too they
got one or two clean drives at the
ball. But this run getting did not
do them any good, as they failed to
score again throughout the game.
The game ended in a blaze of glory.
Bennett up struck out and T. Lynch
went out at first. Tucker placed a
pop-up out behind second base and
"Baldy" Murphy ran up on it mak-
ing a phenomenal catch.

The following is the summary of
the afternoon game:
St. Cloud Ab R H Po A E
Bennett 2b... 5 1 1 1 4 0
Lynch T. ss... 5 0 0 2 1 0
Tucker lf... 5 1 2 0 0 0
Ball cf... 3 0 2 1 0 0
Kilroy p... 4 0 1 0 2 0
Vossberg 1b... 3 0 0 6 0 0
Lynch J. 3b... 3 0 1 2 0 0
Scott c... 4 0 0 11 1 0
Dominick rf... 4 1 1 1 0 0

goods to be sold for storage at D. M.
Clark & Co's.

BOLIN & WOOD SELL OUT AT SCANLON

Big Contract with the Scanlon-
Brooks Company Transferred
Back to Them.

THE LOGGING OUTFIT IS SOLD.

Company Could not Furnish Equip-
ment Provided in the
Contract.

Bolin & Wood, the logging firm of
this city, who last fall took the big
contract with the Scanlon-Brooks
company to log 250,000,000 feet of
logs, sold their entire interest in this
contract, including as well the log-
ging outfit, such as camp furnishings
and some 100 head of horses, back to
the Scanlon-Brooks Company. It
seems that the company was tickled
to death to take the contract off the
hands of Bolin & Wood, as under the
provisions of the same they would
be unable to furnish certain equip-
ment to carry out the agreements.

Last fall Bolin & Wood took this
contract and it was figured that it
would take at least five years to com-
plete it, and it involved a large sum
of money. The price for which they
sold back to the Scanlon-Brooks peo-
ple is not known but it will aggre-
gate quite a round sum, and it is
understood the firm of Bolin & Wood
made a nice thing out of the deal.

For Sale.
A Good horse, weight about 1200
pounds. Will take a good milch cow
in part payment. Apply of
C. A. ROSE,
323 2nd Ave. N. E.

BROKE A COLLAR BONE.

Young Louis Thurston Fell from a Buggy
And was Badly Injured Yester-
day Afternoon.

Louis Thurston, a young lad,
whose home is at Floodwood, was
badly injured yesterday afternoon
by falling out of a buggy on Laurel st
in this city. He has been work-
ing on a farm and yesterday came
in to Brainerd to spend the Fourth.
In driving out again he was seated
on the rear of the buggy on a beer
keg and slipped and fell off back-
ward, breaking his collarbone. He
was brought to this city and Dr.
Camp was called. He dressed the
wound and the young man having no
visible means of support was sent to
the county poor farm, where he will
have good care.

For Sale.
Finest lots on north side, four
blocks from Front street, for \$150
each for cash.

Saved A Woman's Life

To have given up would have
meant death for Mrs. Lois Cragg, of
Dorchester, Mass. For years she had
endured untold misery from a severe
lung trouble and obstinate cough.
"Often," she writes "I could scarcely
breathe and sometimes could not
speak. All doctors and remedies
failed till I used Dr. King's New
Discovery for Consumption and was
completely cured." Sufferers from
Coughs, Colds, Throat and lung
Trouble need this grand remedy, for
it never disappoints. Cure is guaran-
teed by McFadden Drug Co and
H. P. Dunn & Co. Price 50c and
\$1.00. Trial bottle free.

VANDERSLUIS--WIGHTMAN.

A Popular Brainerd Man Takes Unto Him-
Self a Wife, Being Married Thursday
Evening at St. Cloud.

Mr. Chas. W. Vandersluis and
Miss Lela Dell Wightman were
united in marriage on Thursday
evening at the home of the bride's
parents, Mr. and Mrs. Wightman in
St. Cloud, Rev. C. W. Lawson officiat-
ing. Miss Wightman is a charm-
ing young lady of St. Cloud and
everyone in Brainerd knows
"Charlie" Vandersluis too well to
need any extended comment.

The happy young couple left for
the Twin cities for a brief visit after
the ceremonies. They will be at
home in Brainerd after August 1.
Congratulations are extended.

CASE WAS SUBMITTED.

The Pillager Election Contest Case Before
Judge McClenahan Was Submit-
ted Thursday

The Pillager contest case was
completed Thursday afternoon before
Judge McClenahan, the same being
submitted after all the evidence was
taken without argument.

The judge will render his decision
in a few days. He did decide to
throw one of the votes in question
out so that the majority received at
the election by Mr. Lasher has been
cut somewhat. Thirty-one votes
were cast in all for mayor, Lasher
receiving sixteen and Bennett re-
ceiving fifteen. This will at least
tie the election and some fun is ex-
pected before the thing is finally set-
tled.

WHERE TO WORSHIP

Presbyterian church: Morning
service at 10:30; Evening 8:00. Rev.
A. H. Carver, pastor.

Cancer and Consumption Cured In Duluth.

These diseases cured by the Actinic or Violet Ray Light cure
that has been used with great success in Europe and New York
City. In the latter place hundreds are being treated daily by
this wonderful light. Absolute cures are being effected and all
who try it are benefited. The treatment consists in powerful
rays of light from a 500 candle power lamp which are passed
through condensing lenses and thrown on the affected parts.
These rays of light destroy the germs of disease without injury
to the healthy tissue. It quickly relieves the pains of cancer,
the severe coughing in consumption and heals all running sores.
It is absolutely painless. Already a number of Duluth and
Superior people have been treated with astonishing results.

FEARFUL LOSS OF LIFE

FIFTEEN KILLED AND TWENTY.
NINE INJURED AT GLOVERS-
VILLE, N. Y.

DOWN A STEEP INCLINE

One Motorman Loses Control of His
Car and It Crashes Into Another.
Neither Leaves the Track at Once,
but Both Rush Down the Mountain
Side and Land at the Bottom a Ter-
rible Mass of Victims and Wreckage.

Utica, N. Y., July 5.—On an electric
railroad near Gloversville two crowd-
ed cars collided, killing fifteen persons
and injuring twenty-nine.

For a distance four miles north of
Gloversville the Mountain Lake rail-
way, an electric road, connects Glov-
ersville with a picnic ground. It be-
ing the Fourth of July the place was
crowded with pleasure seekers.

At night the cars were filled with
people coming home from the grounds.
At 10:20 o'clock, two and a half miles
north of Gloversville, there was a
head-on collision between two heavily
loaded cars.

The Mountain Lake railway follows
the side of a mountain, the grade be-
ing about 1,000 feet in four miles. Com-
ing down the incline the motorman of
one car, carrying about seventy peo-
ple, lost control of the car and it ac-
quired a frightful velocity. Then it
crashed into a car ascending the moun-
tain. The impact was terrific, but for
a few moments neither car left the
track. The ascent of the one being
overcome by the rush of the other
the crushed cars with their burden of
human victims went down the incline.
Then the mass left the rails and the
dead and wounded were hurled to-
gether with the debris of the wrecked
cars down the mountain side.

Ten bodies, mangled beyond recog-
nition, and many injured have been
taken out. The latter are being cared
for at the Litaner hospital. It will
be impossible for several hours to
compile a list of the dead and injured,
but there are more women than men.

POSTMASTER KILLED BY TRAIN.

Charles Mattson of Grandy, Minn.,
Goes to Sleep on the Track.

Cambridge, Minn., July 5.—The
southbound passenger train ran over
and killed Charles Mattson at Grandy,
a little north of this place. The de-
ceased left here on the northbound
train at 1:20 a. m. for home, together
with two comrades. After alighting
from the train they presumably laid
down on the track, too stupefied to
know of the danger, with the above
result.

Mr. Mattson was postmaster at
Grandy and up to a short time ago had
acted as express agent for the Great
Northern Express company. Erick
Anderson, one of the trio, had the
crown of his hat torn off by the train,
as he, too, was lying close to the track.

FIVE BOYS INJURED.

Passenger Train Crashes Into Their
Wagon Near Monticello, Minn.

Monticello, Minn., July 5.—Five
young boys were seriously injured by
being struck by the engine of a pas-
senger train near here. The party
consisted of Harry Evers, aged fifteen;
Willie Evers, aged eleven; Roy Sut-
ton, aged ten; Andrew Hall, aged
five, and a small boy whose name is
said to be Nygard.

The boys were driving in a two-
seated buggy, intending to come to
this town to attend a picnic, when
they were struck by the train and all
quite seriously injured.

Sutton and Hall live in Minneap-
olis and the others at Monticello. The
boys were taken to Minneapolis, where
they were placed in a hospital.

STRUCK BY A TRAIN.

Fatal Accident to a Picnic Party at
Sioux City, Ia.

Sioux City, Ia., July 5.—Chicago,
Milwaukee and St. Paul passenger
train No. 32 struck a buggy containing
a party of picnicers at Riverside
park. Mrs. R. J. Seney, thirty-eight
years old, and Miss Alpha Seney, four-
teen years old, were killed. Mrs. P.
E. Banta of Hampton, Ia., had her foot
cut off and was internally injured.
She may die. Robert Seney, five
years old, had a leg broken.

Four Drowned at Galveston.

Houston, Tex., July 5.—A triple
drowning occurred on the Galveston
beach. James E. Davis, night editor
of the Galveston News, thirty-six years
old; Elbridge G. Rust, proprietor of
the Dispatch Printing company of
Houston, and Walter H. Chandler,
twenty-eight years old, son-in-law of
Rust, went out beyond the life lines
and were caught in the undertow and
carried to their death. Henry Nich-
ols, thirty-seven years old, was ac-
cidentally drowned by falling from a pier.

Drowns in Lake St. Croix.

St. Paul, July 5.—The first fatal
accident on any of the river excu-
sions this season occurred when John
Buckley, eighteen years old, of Minne-
apolis, and a son of James Buckley,
formerly a conductor on the Milwau-
kee road and a resident of St. Paul
until a few years ago, fell overboard
while on the steamer Cyclone and was
drowned in the Lake St. Croix, about
a mile from the Minnesota shore.

Cars Collide on a Curve.

Newcastle, Pa., July 5.—One man
dead, one fatally injured and more
than a score of others are seriously
hurt as a result of the worst accident
in the history of the Pennsylvania
and Mahoning Valley Electric railway
between here and Youngstown. Two
cars, each carrying nearly one hun-
dred passengers, crashed together on
a curve near Edinburg, four miles
west of this city.

WILL RECEIVE \$1,000.

Unusual Incident Connected With
Lieutenant Bussche's Appointment.

Washington, July 5.—An interesting
and unusual incident has come to light
in connection with the appointment
of Lieutenant Carl F. Bussche to the
army. Lieutenant Bussche comes from
the ranks and was recommended for
appointment as second lieutenant be-
cause of his strict attention to duty
and manifest fitness for such advance-
ment. His father is Baron Bussche
of Berlin and the parent has now writ-
ten to Secretary Root asking to be
furnished properly attested evidence
that his son has been appointed an
officer in the United States army in
order that the courts may authorize
the Bussche estate to pay to the son
the sum of \$1,000. A legacy estab-
lished 200 years ago by a military lov-
ing ancestor bestowed on each mem-
ber of the family who obtained a com-
mission in any of the armies of the
world the above stated sum to be used
for purposes of equipment. The young
officer is now serving in the Philip-
pines with the Twenty-fifth infantry.

WALES ACTS AS HOST.

On Behalf of the King He Receives
Indian Princes Now in London.

London, July 5.—The Prince of
Wales, in behalf of King Edward, re-
ceived the Indian princes in London
at the Indian office. The entertain-
ment was one of the most brilliant
ever witnessed in London. Queen
Alexandra and the royal family were
present and occupied a private box
overlooking the main hall. The guests
of the evening included all the royal
representatives of the coronation of
the king who are still in London, as
well as the greater number of Eng-
lish nobility and the notable person-
ages of London. The decorations of
the building were magnificent and cost,
including the furniture and hangings,
not far from £50,000. The flowers
alone cost £3,000.

PAYS A BONUS OF \$30,000.

Zenith Furnace Buys Lease of Mine
Near Biwabik.

Duluth, July 5.—The Zenith Furnace
company has bought the lease to an
undeveloped iron mine near Biwabik,
paying for it a bonus of \$30,000. The
property contains 1,000,000 tons of Bes-
semer ore. The Zenith Furnace com-
pany owns the West Duluth blast fur-
nace and is about to operate it at full
capacity.

Colonel Shallenberger Dead.

Washington, July 5.—Colonel George
A. Shallenberger, for the past twenty
years superintendent of the District
reform school, is dead. Colonel Shal-
lenberger was a distinguished volun-
teer soldier of the Civil war, enlisting
as second lieutenant of Company I,
One Hundred and Fortieth Pennsylv-
ania volunteers, and rising to the
rank of lieutenant colonel and chief
quartermaster of the Second corps.
He was a brother of Hon. W. S. Shal-
lenberger, the second assistant post-
master general.

Tom Jenkins Defeats Dan McLeod.

Cleveland, July 5.—Tom Jenkins de-
feated Dan McLeod of Hamilton, Ont.,
in two straight falls at League park.
The contest carried with it the title
of champion of America. The mat
was placed near the pitcher's box.
Six thousand people saw the contest.
The two falls were secured in less
than an hour.

Fifty Bridges Washed Away.

Zanesville, O., July 5.—It is es-
timated that \$500,000 damage was done
by the recent heavy rains. Fifty
bridges have been washed away. Rail-
road tracks are badly washed out in
several directions. W. A. Ross, a
school teacher of Thomasville, was
drowned in Symmes creek.

Montana Receives Her New Capitol.

Helena, Mon., July 5.—Montana's
capitol was formally turned over to
the state by the building commission
during the day. Impressive cere-
monies accompanied the event. Gov-
ernor Toole and Senators W. A. Clark
and Paris Gibson made appropriate
addresses.

TELEGRAPHIC BREVITIES.

The finance bill has passed its third
reading in the British house of lords.

Herve A. E. A. Paye, the French
astronomer, is dead. He was the oldest
member of the Academy of Sciences
and was born in 1814.

The official Hungarian crop esti-
mate, made in metric hundredweights,
is as follows: Wheat, 40,000,000; rye,
13,000,000; barley, 12,000,000; oats,
10,620,000.

STORAGE BATTERY TEST

How a Flecky Chauffeur Gave
Edison a Scare.

HAD CHANCE TO PROVE HIS NERVE

Doubted by Inventor, He Ran Auto-
mobile Into a Ditch at Full Speed.
"Thought I Saw Pearly Gates Begin
to Swing," Said the Wizard—Now
the Man Will Have Charge of Most
Dangerous Tests.

Thomas A. Edison had a hair raising
experience the other day while riding
in one of the automobiles built to test
his new electric storage battery. He
considered it a good joke on himself,
and he laughed in describing it to a
New York World reporter.

"We are speeding these test automo-
biles about the country every day,"
said the inventor.

"I don't intend to let a battery be
put on the market for at least three
months or until I have made a five
thousand mile endurance test and have
discovered all the weak points and
rectified them.

"We have gone up and down steep
hills, over wood roads, through forests
and have traveled miles with two
wheels in a car track and the others on
cobblestones. In fact, we've looked
for the roughest roads in New Jersey
and on three or four occasions have
had narrow escapes from catastrophes.

"Three days ago I heard of a particu-
larly rough and dangerous road. 'Guess
I'll have to go there myself,' I said to
one of my superintendents. 'I'd send
—(naming one of my chauffeurs), but
I don't think his nerve is good.'

"That was an unfortunate remark.
It nearly brought about a distinguished
funeral. I thought I saw the pearly
gates begin to swing yesterday.

"You know my house is on the brow
of a considerable hill. It's the custom
when going through the park in an au-
tomobile to coast down the hill, then
stop and cross the deep ditches near
the road at a speed of not more than
one or two miles an hour.

"I sent word that I wanted an auto-
mobile to come to the house to take me
to the factory. It arrived, and the man
whose lack of nerve I had commented
on was at the lever. He looked at me
strangely as I took my seat, and then
we headed for the hill. Over this brow
we rushed at railroad speed. We took
the curves on two wheels. When we
reached the bottom, he looked at me
quizzically and grabbed not for the
brake, but for the lever. He shoved it
down, and we went for the bad
grounds at thirty-five miles an hour. I
grabbed for the seat and wondered
how I'd look when the coroner reached
me.

"That machine fairly leaped. I
heard things break, felt that my arms
were coming out and that my head was
on a hinge. Then we stopped. In the
bowels of the auto one battery was
resting on the other, three nut heads
had been broken off, some screws were
broken and a steel axle snapped.

"The chauffeur had the shadow of a
grin on his face. He convinced me that
I had jumped to a wrong conclusion
about nerve. He's got plenty, and he
will be in charge of the machine that
makes the journey over the worst ter-
ritory I can find.

"That experience and the experi-
ments that have been going on have
convinced me of two things," continued
the inventor. "One is that I did not
figure exactly right on mechanical
strength. The other thing that im-
pressed me is the fact that Americans
have much to learn from French man-
ufacturers. Our machines do not com-
pare with those made in France. I sent
for the massive Mors machine which
Fournier used when he made his great-
est record, and I ran it many miles
about this portion of the state studying
it. It has all of the weight in the
wheels and axles and near the ground,
where it should be. The body is light.
The American machine is gingerbread,
with lighter lower works and a heavy
body. That is a mistake."

Mr. Edison is confident that his stor-
age battery for automobiles will soon
be in general use. A trial in which one
of his automobiles ran eighty-five miles
on a single charge has already been
described. Recent tests, he told the
reporter, proved that the storage bat-
tery gives immense power.

"Some time ago there was a hill
climbing test on the Eagle Rock road,"
he said, "the hill being fully a half
mile long and very steep. In that con-
test twenty machines were entered.
Very few of them reached the top of
the hill. A few days ago I went up
there with my second experimental
machine, equipped with a thirty-five
cell battery, and we ascended the hill
smoothly and quickly. On the same
day we ran some miles through sticky
clay mud six inches deep."

Mr. Edison repeated his promise
heretofore made that it will be possi-
ble for any man of moderate income
to own an automobile equipped with
his storage battery.

"An automobile with a twenty-one
cell battery, capable of running eighty-
five miles on one charge, will be sold
for \$1,000 or possibly less," he said.
"It can be kept in a twenty-five dollar
shed. To charge it should not cost
more than 60 cents, though the price
of current varies in different parts of
the country. If a man will spend
\$275 for a charging set, his charging
would cost him practically nothing,
and he can generate enough current to
light his house besides."

Novelty in Fans.

A novel fan of bluejay feathers on a
tortoise shell mount has a lorgnette at-
tachment which is very convenient for
those persons who affect this style of
eyeglasses.

Eczema

COMES FROM THE BLOOD AND NOT
FROM THE SKIN

The prevalence of Eczema among the
young and old is due to the introduction
of poisonous matter in the blood. Those pim-
ples, eruptions and sores upon the face, neck
and body are all due to the same cause. It
is a waste of time and money to attempt to
cure such a condition by doctoring the skin.
The seat of the trouble is in the blood and
the cause is the blood's impurity. A specific
course of MEDERINE will open the natural
channels of the system and promote a drain-
age of the impurities of the blood which
will filter, cleanse and purify it so that no
form of eruption upon the skin can appear.
MEDERINE is the only Guaranteed Cure for
Eczema and all blood impurities. It stands
alone today upon its own merits and chal-
lenges the world for a specific blood purifier
like it. Do not nurse your trouble along.
Write MEDERINE REMEDY CO., West Su-
perior, Wis., for their system of treatment.
